SUMMARY

Second-year B.Tech student in Computer Science and Engineering Core at VIT Bhopal with a CGPA of 8.7. A dedicated tech enthusiast with expertise in Java, Python, HTML, CSS, JavaScript, and Node.js., I am passionate about solving real-world problems through innovative projects, collaboration, and technical excellence.

WORK EXPERIENCE

Co-Lead, Tech Team

Notion Community, VIT BHOPAL

- Actively leading technical projects to enhance community engagement and optimize club operations.
- Developed and deployed tools to streamline workflows and improve the user experience for club activities.
- Organized and supported workshops, hackathons, and coding competitions, fostering a collaborative environment for learning and growth.

Web Development Project: VEHO

- Designed and implemented a web platform for automated bus scheduling and crew management.
- Created an intuitive, mobile-responsive interface for ticket booking, real-time bus tracking, and schedule management.
- Integrated optimized algorithms for route planning and backend systems for managing user feedback and data.

Open Source Contributor

GirlScript Summer of Code & Hacktoberfest

- Contributed to open-source projects on GitHub, resolving critical issues, debugging, and adding impactful features.
- Ranked among the top 1,000 contributors in GirlScript Summer of Code.
- Gained hands-on experience in collaboration, version control, and scalable code development.

EDUCATION

VELLORE INSTITUTE OF TECHNOLOGY, BHOPAL

2023-2027

COMPUTER SCIENCE ENGINEERING, CORE

- CGPA: 8.7
- Contributed to club-level initiatives and tech team projects, enhancing technical expertise and teamwork skills.

ST. XAVIER'S HIGH SCHOOL, JABALPUR

Batch 2023

- Honed algorithmic and problem-solving skills by participating in national-level coding competitions.
- Represented the school in INMUN (Indian Model United Nations), excelling in public speaking and teamwork.
- Managed and led multiple school events as part of the Student Council.
